CHEMEX

# OTTOMATIC® COFFEEMAKER

science. design. coffee.

Brought to you by Marco and CHEMEX®, the Ottomatic® coffeemaker provides barista quality coffee at home.

The Ottomatic® domestic filter coffee brewer automates the filter brewing process usually managed by a skilled barista in a specialty coffee shop. By managing time, temperature, and turbulence, the Ottomatic® coffeemaker facilitates even, consistent extraction and ensures that every cup of coffee brewed at home is premium, barista-standard. Also features iced-coffee mode.

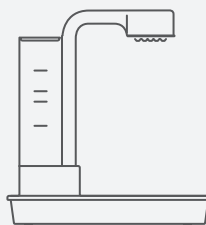

The Ottomatic® is also the easiest and quickest way for users to brew delicious ice coffee at home.
